Gas Permit Requirements

The following are required when pulling a gas permit(s) in the Town of Hooksett per SAF-C 6000:

- *Installer of the gas system shall pull the permit*
- *Installer shall provide copy of current NH Gas Fitters License*
- *Installer shall provide copy of CSST Training Card (training must be within last 3 years) from the manufacturer (if CSST piping is used)*
- *Detailed drawing of the gas system shall include the following:*
 - *Address location and building owner's information*
 - *Location of each appliance on drawing*
 - *Manufacturer and model # of each appliance shown on the drawing*
 - *Load requirements (BTU'S) of each appliance on drawing*
 - *Pipe type, size and run lengths*
 - *Meter type, specs and location*
 - *Regulator locations and specs*
 - *All valves locations, and size*
 - *Bonding locations and wire size*
 - *Any existing parts of a gas system must be noted on the drawing*
